Points East Coastal Drive is 475 kilometres (295 miles) of roads that meander along coastal roadways, through unique harbours and over rolling hills with picturesque farmland views. There are endless opportunities to stop, explore, take in the fresh air and enjoy the serene beauty.

From East Point to Point Prim, Cape Bear to Savage Harbour and everywhere in between, the area boasts fine eateries that feature the flavourful bounty harvested from the land or sea. Fill your days hiking or cycling trails; kayaking or sailing along the shore; swimming, fly fishing, shopping at the many artisan studios and exquisite handcraft shops, or exploring local history at one of many lighthouses or historic sites.

At the end of the day, a great night’s sleep can be found at resort hotels, charming inns, welcoming bed & breakfasts, or a quiet cottage by the shore. If you prefer to camp out with fresh air and the stars overhead, check in to one of the provincial parks or private campgrounds.

Sample itinerary

A taste of what to see and do in the Points East Coastal Drive region.

1 50 BEACHES AND SO MUCH MORE
With more than 50 beaches to discover, Points East Coastal Drive will entice you to visit them all! There are beaches for swimming, kayaking, paddle boarding, clamming, beach glass and starfish hunting. Craving solitude and the ability to be one of a few people walking along a vast stretch of sand? Points East has that too! Our best known beach is Basin Head, a nine-mile stretch of magnificent white sand that ‘sings’. This beach was recently named ‘The Best Beach in Canada’ by Canadian Travel website vacay.ca.

2 CUISINE, WINE & SPIRITS
Chef Michael Smith, the popular Food Network TV host, and his wife Chastity, owners of Fireworks Restaurant at The Inn at Bay Fortune, have spurred the development of a number of great restaurants across the region. Unique recipes, prize-winning chowder, and delectable desserts can be found at country inns, fish and chip stands, restaurants and cafés scattered throughout eastern PEI. For the full Island experience, pair your meal with fine wine from one of the local wineries, a beverage from a distillery or a cold one from Copper Bottom Brewing.

3 VISIT PEI NATIONAL PARK - GREENWICH
Escape into a truly unique landscape. Experience a sense of awe and serenity as you take in the towering parabolic dune system and pristine white-sand beaches at Greenwich. An extensive trail system offers hiking and cycling opportunities, a wheelchair accessible loop, a floating boardwalk, and interpretive panels. Beachgoers enjoy the secluded expanse of soft sand and comfortable picnic areas, as well as a supervised swimming area. The Greenwich Interpretation Centre features interactive and multi-media displays.

4 EXPLORE OUR LIGHTHOUSES
Lighthouse lovers will delight in the six light-houses that are open to the public. Listen to the story of the Cape Bear Lighthouse receiving the distress signal from the Titanic; tour the Island’s oldest lighthouse at Point Prim; watch the ferry come and go from Wood Islands Lighthouse; view the town from the Souris Lighthouse and be entranced by the water at the East Point Lighthouse and Panmure Island Lighthouse.

5 ARTISANS AND SHOPPING
In areas of natural beauty, great artists gather and eastern PEI is rich with both! We have potters, quilters, painters, jewellery makers, glass artists and knitters. Plan to visit a few of the artisan studios, woolen mills, and artists cooperatives such as Artisans on Main in Montague and Souris.
